

MINUTES OF MANAGEMENT MEETING HELD ON MONDAY JULY 13, 2026

Attendance

Mr. Henry Ezike
Mr. Desmond Ikwuezuma
Ms. Princess Obaseki
Mr. Michael Obadan
Mr. Lanre Adebayo
Mr. Anthony Aigbokhai
Mr. Kenneth Onyemachi
Mr. Harrison Obayi
Ms. Vivian Iyaha
Mrs. Gloria Morka
Mr. Dalu Ezike

The meeting commenced at 10:25 a.m. with an opening prayer led by Mr. Michael Obadan.

Amendments: None

MATTER ARISING

Airtel

MD asked why Airtel deliveries were delayed during the first week of the month. **Mr. Tony** answered that the delay is because of data supply issues. He added that machines breaking down is another reason. **MD** explained that the purpose of the new machine is to cut down production time, he also asked what measures can be put in place to prevent machine breakdown.

Mr. Michael suggested setting up regular machine maintenance at least thrice weekly. He also said parts that are too old should be changed.

Stock, IT, and Prices:

MD advised we keep a steady stock of chips. We must follow up with the IT department. Marketers need to see the price list.

Keydom:

Mr. Kenneth said there is no answer from them yet.

Java:

Mr. Kenneth reported that the issue is fixed. The Airtel SIM cards have been personalized.

MTN:

MD asked for update with **MD. Mrs. Gloria** responded that follow up has not been done yet. **Mr. Tony** assured that follow-up will be done.

Palmpay:

The contactless card problem was caused by a data issue. It was turned off before, but it is on now. Sample cards were sent to Palmpay, and we are waiting for the results.

CRM:

Ms. Princess responded that the development team (Dev) has replied.

Machine Maintenance

Mr. Harrison reported that the machine stopped working last week because it broke down suddenly. We need more experienced workers. He suggested getting people from Yabatech.

Providus Bank Software:

An agreement (MOU) must be signed before showing the software to anyone. IT and **Ms. Princess** are to handle this.

Action Points

- Follow up with Zenith Bank and other banks.
- Send mail to Airtel because we are short on chips and cannot meet the deadline.
- Follow up on NIMC card samples.
- Take videos of the Abuja office.
- Access to price list on Tally for Business Team.

DEPARTMENTAL REPORTS

Business Development & Sales Report

1. Client Engagement Activities

S/N	Client Name	Highlight	Comments	Next Steps
1	ALPHA-BETA CONSULTING	Request for Quote: C400, Evolis High trust Classic Blank PVC Cards	The client requested for a discount, which we reverted that our best quote has been given for quality printing.	Follow up for positive update.
2	BALERA MFB LTD	REQUEST FOR PROPOAL ON CARD PRODUCTION PERSONALISATION, PRINTER AND INSTANT ISSUANCE	The client requested we share a quote for instant issuances printer and production of 3,000units of verve	Awaiting positive feedback.

			cards	
3	UBA LIBERIA	CARD PRODUCTION REQUEST_UBA LIBERIA & CARDSTEL	RPP-ID (prepaid card) is required to complete the submission with the scheme for approval. Digital proof and award letter has been received.	Follow up with the bank to provide the required information.

3. Other Activities and Updates

- Weekly stock report was shared with clients.
- Follow up with Perso and IT on the LUTH and AFRIGO cards.
- GTB kiosk SLA review.
- Followed up with Polaris bank, Wema bank and UBA on outstanding payment.
- Complain from Polaris bank on the previous delivery done without a comprehensive list information on cards information.
- Follow mail was done to all prospective client from the previous exhibitions attended.
- Preventive guide shared with instant issuance card printers' clients.
- Polaris bank escalated on the delay on the LUTH cards.
- Polaris escalated that Cardstel is yet to be onboarded on Interswitch smartcard process.
- First bank requested stock report has been shared.

- Follow up internally with QC, PERSO, IT AND CISO on the Investigation Request on Inconsistent NFC Functionality on Cardstel Personalized Cards for palmpay.
- A meeting was held with a prospective client from Abidjan.
- Meeting with GTB KIOSK on SLA review.

4. Marketing job/ call.

- Visit to Lotus bank on update on master cards sample shared.
- Visit to Wema bank to get update on the outstanding payment.
- Visit to Polaris and UBA to get update on outstanding payment.
- Call to GTB to get update on pending printers for repairs and pending SLA review.

4. Action Plan for Next Week

- More Marketing calls/visit to be done
- Follow up with Polaris for the 30% balance payment for cards production and Personalization Invoices shared.
- Follow up with all client that commercials and proposal was shared with.
- Contact the prospect we got from digital expo for follow up.
- Follow up with WEMA bank for all the outstanding payments.
- Follow up with GTB regarding SLA sign-off.
- Off-site support to customers on instant issuance printers.
- Attend to client's needs.
- Follow up with all outstanding.

MAINTENANCE REPORT

TITLE: MS5000-2 Embosser – Y-Axis Timeout and X-Axis Belt Misalignment (PERSO)

ACTIONS TAKEN:

- Carried out troubleshooting to determine the root cause of the fault.
- Adjusted the Y-axis arm and cleaned the associated sensors.
- Lubricated the Y-axis roller bearing.
- Loosened and properly realigned the X-axis belt.
- Conducted a test run.

OBSERVATION:

No further alarm was recorded. The machine was tested and confirmed to be operating optimally.

TITLE: PIOTEC-2 Embosser – Feeder Carrier Failure (PERSO)

ACTIONS TAKEN:

- Conducted comprehensive troubleshooting to identify the root cause of the fault.
- Engaged the machine remotely for software diagnostics and system reset; however, the issue persisted.
- Adjusted the feeder carrier belt to restore smooth movement.
- Conducted a test run.

OBSERVATION:

The machine was restored to normal operation and is performing optimally.

TITLE: YMJ Machine – Automatic Start After Reset and Stops After Processing More Than Seven Cards (PMC)

OVERVIEW:

The machine automatically started running immediately after every reset and could neither be paused nor stopped manually. It only stopped automatically after processing more than seven cards. Due to the unusual nature of the fault, the machine manufacturer was engaged to investigate the software application.

ACTIONS TAKEN:

- The machine manufacturer carried out software diagnostics; however, the fault persisted.
- Checked all 24V power supply outputs to confirm voltage stability.
- Inspected all relevant machine cabling.
- Opened the control PC, loosened and cleaned the I/O terminal ports.
- Powered on the machine and carried out functional testing.

OBSERVATION:

The fault was resolved successfully. The machine no longer starts automatically after resetting and is now operating normally.

TITLE: Punching Machine – Material Blower Failure and Carrier Belt Misalignment (PMC)

ACTIONS TAKEN:

- Replaced the faulty flow connector.
- Carefully adjusted the belt limit sensor.
- Conducted a test run.

OBSERVATION:

The machine was tested and confirmed to be operating optimally.

TITLE: YMJ Machine – Milling A & B Reset Failure and Multiple Related Issues (PMC)

ACTIONS TAKEN:

- Performed troubleshooting to determine the root cause of the faults.
- Tested the performance of all associated milling head sensors.
- Inspected the milling head servo drives and cabling.
- Disconnected the control computer and relocated the RAM module to another memory slot.
- Powered on the machine and conducted a test run.

OBSERVATION:

Milling A and Milling B reset successfully, and the machine is operating optimally.

TITLE: OC200 – Follow-up Preventive Maintenance (PRESS)

ACTIONS TAKEN:

- Performed follow-up maintenance on various machine units to ensure continued optimal performance.

OBSERVATION:

The machine is operating perfectly.

TITLE: Milling and Embedding Machine 1 – X-Axis Arm Servo Motor Failure (TELCO)

ACTIONS TAKEN:

- Troubleshooted the machine to identify the cause of the servo motor failure.
- Tested the servo motor power cable and discovered a damaged (short-circuited) section.
- Bypassed the faulty plug connector and directly reconnected the cable using new connectors.
- Conducted a test run.

OBSERVATION:

The X-axis arm servo motor operation was successfully restored, and the machine is functioning normally.

TITLE: Punching Machine – Quarter Card Line 1 Loading Malfunction and Half Card Punching Tool Failure (TELCO)

ACTIONS TAKEN:

- Removed and disassembled the half-card punching tool.

- Carefully filed the punching unit to restore smooth operation.
- Reassembled and reinstalled the punching tool.
- Adjusted the upper and lower limit positions of the Line 1 quarter-card loading mechanism.
- Adjusted the Line 1 quarter-card loading magazines.
- Performed system parameter adjustments to improve loading performance.
- Conducted a test run.

OBSERVATION:

All affected sections were tested and confirmed to be functioning properly.

TITLE: Milling and Embedding Machine 1 – Chip Punching A Fault and Hot Presser 4 Heater Failure (TELCO)

ACTIONS TAKEN:

- Carried out troubleshooting to identify the root causes of the faults.
- Disassembled and serviced the Chip Punching A unit.
- Replaced the Chip Punching A I/O circuit board.
- Replaced the Hot Presser 4 heater.
- Conducted a test run.

OBSERVATION:

The machine was tested and confirmed to be operating perfectly.

INTERNAL AUDIT AND COMPLIANCE

S/N	DESCRIPTIONS	REMARKS
ACTIVITIES		
1.	Preventive Maintenance	Maplesoft's work is Still ongoing. Sylvester has commenced his part too.
2.	Fire Drill and Servicing of Fire Extinguishers.	The fire extinguishers have been refilled.
3.	Hardware and Software end of life	Expecting quotes from different vendors.

4.	Mastercard & AGES Audit	Mastercard Audit is scheduled for last week of July,2026. Part payment for the Audit has been paid to AGES.
5.	Cardstel and Synnosure Ltd.	We are entering into a agreement with Synnosure Ltd for the supply of instant issuance software for our printers. The necessary documents have been shared. Awaiting their feedback.
6.	CRM Software	We have reached to Deji highlighting the numerous issues we have been experiencing with the software.

7.	NIMC	Names of Cardstel representatives were recently submitted to participate in the mandatory Data Privacy Training & Certification that will be held by NIMC soon.
----	------	---

CARD PERSO UPDATES		
1	Personalization	Personalization was carried out for Opay and Polaris.

HR/ADMIN REPORT

Administrative Activities

S/N	Activity	Action Taken/Status
1	Management Welfare	Welfare support was provided for Management during the week.
2	Casual Worker Administration	Perso casual worker records were collated, timesheets prepared, and payments processed accordingly.

S/N	Activity	Action Taken/Status
3	Memo Preparation	Internal memos were raised as required to support administrative and operational activities.
4	Pension Documentation	Pension letters were printed and processed.
5	Welfare Support	Welfare arrangements were made for NIMC officials, VFD officials and the Managing Director's guests.
6	Water Procurement	Water was purchased and distributed as required.
7	Documentation Management	Delivery notes and other official documents were filed and maintained.
8	Official Correspondence	Official emails were prepared and dispatched.
9	Staff Welfare Visit	An official visit was made to a sick staff member.
10	Financial Records	Payables were recorded and updated.
11	New Staff Documentation	Documentation for new Account officer was completed.
12	Attendance	Daily staff attendance was recorded and monitored throughout the week.
13	Diesel Monitoring	Routine checks of diesel levels were conducted to ensure uninterrupted power operations.
14	Market Survey	A market survey was conducted in Yaba to obtain relevant market information.
15	Procurement	Foundation nylon was purchased for operational use.

Human Resources Update

S/N	Activity	Status
1	Accountant Recruitment	The Accountant position has been successfully filled.

S/N	Activity	Status
2	Abuja Office Administration	The newly engaged Admin Officer for the Abuja Office visited the Head Office. Documentation and all necessary office requirements were provided. However, training on the NIN registration process could not be completed during the visit.

Fleet/Vehicle Status

Vehicle	Registration Number	Status
Hyundai Elantra	LSR-655-DZ	Repairs required on bonnet opener, radiator cover, and door opener. Follow up ongoing.
Kia Rio	LSR-473-DZ	Windscreen replacement scheduled.
Chevrolet Aveo	KTU-525-CL	No issues reported.
Staff Bus	KJA-392-XX	Leakage identified; panel beating work scheduled.
Pick-up	EKY-348-XB	Minor leakage requiring panel attention.
White Bus	EBY-774-XN	No issues reported.

Generator Status

Generator	Status
500kVA	No issues reported.
60kVA	No issues reported.
150kVA	No issues reported.
60kVA (Secondary Unit)	Requires servicing; follow-up ongoing.

Air Conditioning Status

- At PMC, only one out of six air conditioners is currently functional.
- Quotations have been received from vendors for replacement and repair works.

- Further review and approval are required before commencement of work.

Facility and Accommodation Update

- Follow-up is ongoing with CUG Lines regarding pending matters. Resolution is delayed due to the absence of the responsible manager who is currently on leave.
- The staff accommodation at Lagoon has experienced flooding and requires urgent attention from a bricklayer. Alternative vendor options are being considered as the current condition is causing discomfort to staff.

Official Visits

S/N	Visitor	Purpose/Remarks
1	NIMC Officials	Officials from the National Identity Management Commission (NIMC) visited the office during the week for official engagements and discussions relating to ongoing operations and collaboration. Necessary welfare and administrative support were provided during their visit.
2	VFD Bank Officials	Representatives from VFD Bank visited the office for official discussions and business-related engagements. The visitors were received and attended to accordingly.

Management Meeting

A management meeting was held on **10th July 2026** to discuss the proposed location for the Diaspora Office and the NIMC design project.

Outcome of the Meeting:

- It was agreed that the Diaspora Office should initially be established in **Liberia**, considering the existing client base and business opportunities in the country.
- Following successful establishment and stabilization of operations in Liberia, the company will gradually expand its presence into **Côte d'Ivoire**.
- On NIMC it was concluded that Mr. Tunde and Mr. Zacc do a design based on the sample given from NIMC before Tuesday, July 14, 2026.

Vacant Positions

The following positions remain vacant and require urgent attention:

1. Production Manager
2. Machine Operator (SM74)

3. Machine Operator (Perso)
4. MD's Driver
5. General Manager

Challenges

1. Multiple vehicle maintenance issues remain unresolved and require follow-up.
2. Air conditioning units at PMC, Telco and Airtel floor require urgent attention.
3. Flooding at the staff accommodation in Lagoon is affecting staff comfort and requires immediate remedial work.
4. Training of the new Abuja Admin Officer on the NIN registration process is still pending.

Recommendations

1. Complete outstanding vehicle repairs to improve operational efficiency.
2. Approve and commence repair or replacement of faulty air conditioning units at PMC and Telco.
3. Address the flooding issue at the Lagoon staff accommodation as a matter of urgency.
4. Schedule NIN registration training for the Abuja Admin Officer at the earliest opportunity.
5. Continue monitoring and supporting the rollout plans for the proposed Diaspora Office in Liberia.

Conclusion

The department successfully carried out its administrative, HR, welfare, and operational support functions during the reporting period. Key achievements included the successful filling of the Accountant position, onboarding support for the Abuja Office Admin Officer, processing of casual worker payments, documentation management, and support for official visitors from NIMC and VFD Bank. The management meeting held on 10th July 2026 resulted in the decision to establish the proposed Diaspora Office in Liberia before expanding operations into Côte d'Ivoire.

PRODUCTION REPORT

1. Production Overview

During the previous week, production activities were primarily driven by high-volume jobs from key clients, with selective contributions from smaller accounts. Output was concentrated on instant card issuance and selected customized card batches.

2. Total Production by Customer (Weekly Summary)

Total Cards Produced - 210,782

High-Volume Production

- Opay

Total output: 209,932 cards

- Palmpay

Total Output: 0 cards

- WEMA Verve

Total Output: 0 cards

- Polaris Bank

Total Output: 850 cards

- Wesley

Total Output: 0

3. Operational Insights/Difficulties

a. Production Concentration Risk

- Downturn in card requests

b. Machine Utilization

- Machines in working condition

- **Mag Encoder Readings**

Matica 1	
Matica 2	
MS-5000 1	
MS-5000 2	

C. Job Scheduling Efficiency

- Experiencing reduced workflow

Adjournment

The meeting ended at 2:10pm. The meeting was adjourned by **Mr. Desmond Ikwuezuma** and seconded by **Mr. Lanre Adebayo**.
