

MINUTES OF MANAGEMENT MEETING HELD ON JULY 29, 2026

Attendance

Mr. Lanre Adebayo

Mr. Anthony Aigbokhai

Mr. Michael Obadan

Mr. Desmond Ikwuezuma

Ms. Vivian Iyaha

Ms. Princess Obaseki

Mrs. Gloria Morka

Mr. Kenneth Onyemachi

The meeting commenced at 10:17 AM with opening prayers led by Mr. Desmond Ikwuezuma

Matters Arising

CRM Software: It was noted that the production team is currently not utilizing the CRM system effectively. The software requires updates, including an update to the Production Manager's dashboard.

Liberia Clients:

Mrs. Gloria reported that client reminders and follow-up communications are ongoing, with potential for increased engagement upon a scheduled client visit.

Piotec Africa: **Mrs. Gloria** shared that the client requested materials and operational support. Ms. Princess suggested sharing the company profile, and **Mrs. Gloria** recommended we hold a training session.

Opay:

Quality Control (QC): Barcode scanner checks need enhancement. A dedicated staff member should be assigned specifically to barcode scanning operations.

Barcode Duplicate: IT is tasked with providing mailer section a new system to be used for reprinting. Mr. Kenneth stated it will require payment for the bar tender.

Tally & Pricing: Pricelist access for business operations is to be configured by Mr. Tony and Mr. Kenneth.

Providus Software : Mr. Kenneth reported that the previously reported software issue has been successfully resolved.

Airtel PUK: This item remains unresolved, though ongoing follow ups are being maintained with Ho and Bro.

Java: Mr. Kenneth reported that Airtel Java provided feedback on the SIM card tests, noting that only two cards failed. Mr. Kenneth suspects the failure stems from an issue with the script.

Glo SIM Cards: Received a new instruction specifying that all SIM cards must feature a 1-pin applet.

Chip Modules: Mr. Michael reported observations of holes and surface defects on Aitel chip modules recieved.

Machine Maintenance: An email is to be dispatched to Mr. Dune and Mr. Harrison regarding required spare parts for production machinery.

Staff Healthcare: Mr. Kenneth suggested that all staff should use a central Hospital for diagnosis.

UBA Liberia: Mrs. Gloria raised the discussion on how to resolved sample card requests from ECP. Mr. Desmond suggested engaging an external vendor for assistance, and Mr. Kenneth agreed to reach out to Emba.

DEPARTMENTALS REPORT

IT REPORT

ACTIVITIES		
S/N	DESCRIPTIONS	REMARKS
1.	FIRST BANK EXPRESSION	The Expression Platform User Review is on-going by First Bank, the bank will let us know if there is any issue encountered or any modification within the agreed scope of work

PRODUCTION REPORT

1. Production Overview

During the previous week, production activities were primarily driven by high-volume jobs from key clients, with selective contributions from smaller accounts. Output was concentrated on instant card issuance and selected customized card batches.

2. Total Production by Customer (Weekly Summary)

Total Cards Produced - 4,010

High-Volume Production

- Opay

Total output: 0 cards

- Palmpay

Total Output: 0 cards

- WEMA Verve

Total Output: 0 cards

- Polaris Bank

Total Output: 4,010 cards

- Wesley

Total Output: 0

3. Operational Insights/Difficulties

a. Production Concentration Risk

- Downturn in card requests

b. Machine Utilization

- Machines in working condition
- **Mag Encoder Readings**

Matica 1	809,213
Matica 2	1,075,426
MS-5000 1	2,078,304
MS-5000 2	285,121

C. Job Scheduling Efficiency

- Experiencing reduced workflow

D. Glo Cards printed at OC 200. Front (53,400) Back(53,400)

QUALITY CONTROL REPORT

1. Executive Summary & Quality Scorecard

The focus is on strict ISO-grade quality controls and data guidelines compliance.

2. Unit-Specific Quality Metrics & Status

A. TELCO SECTION

GLO PREPAID CARDS

- **Total Embedded card: 2646**
- **Total Good Embedded Cards: 2642 (99.9%)**
- **Total Rejects from Embedding: 4 (0.1%)**

Personalization on GLO card completed.

Total Reject is still on process

AIRTEL

Total Embedded card: 16,674

Total Good Embedded: 16,583 (99.5%)

Total Reject from Embedding: 91 (0.5%)

Total Good Embedded - 16,583 (16583×4=16,332)

Total Good Perso Production: 60,000 cards

Total Remaining (un-Perso): 6,332

B. MAILER SECTION

POLARIS

- **Total Output Volume:** 1788 Copies
- **Quality Achieved:** 1788 (100%)
- **Waste/Defects:** 0.00 (0.00%).
- **Priorities for Next week:** Unknown

C. PMC SECTION

LUTH POLARIS

- **Total Output Volume:** 2494
- **Good Quality Embedded:** 2475 (99.5%)
- **Error Cards:** 12 (ATS), 1 Damaged card, 1 compressed test card = 14 (0.5%)

HR/ADMIN WEEKLY REPORT

Administrative Activities

S/N	Activity	Status/Remarks
1	Diesel Monitoring	Routine checks of diesel levels were carried out throughout the week to ensure uninterrupted operations.
2	Documentation Management	Delivery notes and other official documents were filed and maintained appropriately.
3	Staff Attendance Monitoring	Daily staff attendance was recorded and monitored.
4	Welfare Activities	Welfare support was provided for Management and staff during the week.
5	Casual Worker Administration	Casual worker timesheets were prepared, vetted, and payments processed accordingly.
6	Memo Preparation	Internal memos were raised as required to support administrative and operational activities.
7	Glo Fulfilment Activities	Glo fulfilment records were updated and payments processed.

S/N	Activity	Status/Remarks
8	Water Procurement and Distribution	Water was purchased and distributed for staff use.
9	Staff Medical Support	Treatment support was provided for Jocanta, and hospital visits were conducted for staff members requiring medical attention.
10	Banking Activities	Official banking transactions and related errands were carried out.
11	Container Offloading	Supervision of container offloading was successfully carried out.
12	Procurement Activities	Spray foam was purchased for operational use.
13	Official Correspondence	Official emails were prepared and sent as required.
14	Printing and Documentation	Official documents were printed and processed.
15	Solar Materials Records	Solar materials received were recorded and documented.
16	Staff Records Update	Staff list was reviewed and updated.

Human Resources Activities

S/N	Activity	Status/Remarks
1	Casual Worker Payments	Payments for Perso casual workers were successfully processed.
2	Glo Casual Worker Payments	Casual worker records were vetted and payments raised for processing.
3	Staff Welfare	Welfare support was provided to employees where necessary.
4	Staff Medical Visits	Hospital visitation was conducted for staff requiring support and follow-up care.

Generator Status

Generator	Status
500 kVA	Working satisfactorily.
200 kVA	Working satisfactorily.
150 kVA	Requires servicing; follow-up ongoing with Mr. Sam.
60 kVA	Requires servicing.

Vehicle Status

Vehicle	Status
Mitsubishi Pick-Up	No issues reported.
Hyundai Elantra (LSR-655-DZ)	Cylinder gasket fault identified and requires attention.
Kia Rio	Mechanical issues reported and under review.
Chevrolet Aveo	Brake fault identified; follow-up ongoing with Chidi.
White Bus	No issues reported.
Staff Bus	No issues reported.

Vacant Positions

The following positions remain vacant and require urgent attention:

1. Accountant
2. Production Manager
3. Managing Director's Driver
4. General Manager
5. **Telco** – Machine Operator
6. **Telco** – QC Personnel (Card Sorting)
7. **Perso** – Machine Operator
8. **Store** – Storekeeper
9. **SM74** – Machine Operator
10. **OC200** – QC Personnel (Card Sorting)

Facilities and Operations Update

1. Follow-up on the retrieval of C.U.G lines is pending as the GLO Manager in Ajegunle is currently on leave.
2. Additional office furniture is required, including chairs and tables for staff use.
3. The air conditioning units at PMC require urgent attention, as only two units are currently functioning.
4. There is a requirement for fifteen (15) pallets for press operations.

Challenges

1. The 150 KVA and 60 KVA generators require servicing.
2. The Hyundai Elantra and Chevrolet Aveo require repairs and maintenance.
3. Insufficient office furniture to accommodate operational needs.
4. Faulty air conditioning units at PMC are affecting staff comfort and productivity.
5. Delay in resolving the C.U.G line retrieval due to the absence of the responsible GLO official.

Conclusion

The HR/Admin Department successfully carried out its routine administrative and human resource functions during the reporting period. Key activities included staff attendance monitoring, welfare administration, casual worker payment processing, documentation management, hospital visitation, banking activities, and supervision of container offloading. While operations remained stable throughout the week, attention is required in the areas of generator servicing, vehicle maintenance, office furniture procurement, and air conditioning repairs to ensure continued operational efficiency and staff comfort.
