

MINUTES OF THE MANAGEMENT HELD ON JUNE 22, 2026

ATTENDANCE

Mr. Henry Ezike
Mr. Desmond Ikwuezuma
Ms. Princess Obaseki
Mr. Lanre Adebayo
Mr. Anthony Aigbokhai
Mr. Innocent Iyare
Ms. Vivian Iyaha
Ms. Chiamaka Nwankwo
Mrs. Gloria Morka
Mr. Harrison Obayi
Mr. Emmanuel Udo

Meeting started at 10:13am. Prayers was led by Mr. Desmond Ikwuezuma.

Adoption: The Minutes were adopted by **Mr. Kenneth Onyemachi**, and seconded by **Ms. Chiamaka Nwankwo**.

Amendments: None recorded.

MATTERS ARISING

1. FirstBank

Mr. Kenneth Onyemachi reported that the required documentation for the inclusion of Verve and Afrigo integration is currently ongoing; however, the API lost connection. A formal follow up will be conducted to resolve this issue.

2. OPay

Mr. Desmond Ikwuezuma reported that the operational ban was successfully lifted last week Thursday June 18, 2026.

3. AGIB

Mr. Kenneth Onyemachi reported that the consignment has been successfully delivered. The initial logistics delay was due to DHL's refusal to accept more than two cards. The team subsequently contacted AramX to facilitate and complete the delivery.

4. Polaris Bank

Mrs. Gloria Morka reported that the Local Purchase Order (LPO) for the 272,000 has been signed off. Chips is currently been awaited. Follow-up will be done.

5. Abidjan

Mrs. Gloria Morka reported that no feedback has been received from clients.

6. Airtel – PUK

Mr. Kenneth Onyemachi reported that the issue affected 3million airtel simcards. **Ms. Vivian Iyaha** asked what can be done to prevent such mistakes from happening. Mr. Kenneth responded that a Quality Control (QC) checklist template will be designed specifically for telecom operations. **Mr. Innocent Iyare** also suggested that PMC unit should also be included in this checklist template.

7. Lebara

Mrs. Gloria Morka reported during the meeting with the client, their proposed timeline is set for July 10th, though our proposed internal target is July 20th.

8. Facility & Infrastructure

Mr. Innocent reported that the fencing project is currently in progress.

9. Quality Control (QC)

PalmPay production waste is scheduled to be evacuated and dispatched this week.

10. Finance / Accounting

The Accounts Department is required to present clear updates regarding company expenses and income streams during operational meetings.

Action Points

Department / Owner	Action Required	Timeline
Mr. Tony	Send a formal email regarding Vitel.	June 23
	Complete a physical site visit to Vitel.	June 23
IT	Follow up with First Bank regarding the Expression Platform API.	Ongoing
Business	Follow up with Polaris Bank regarding the status of the 272,000 cards.	Ongoing
Facility Manager	Coordinate and finalize the ongoing fencing project.	Ongoing
Production	Follow up on the delivery and installation of the die-blade.	Today, June 22
IT	Ensure the computer setup is completed in Room OC200.	June 25

DEPARTMENTAL REPORTS

FACILITY REPORT

1. SUMMARY

Facility and fleet operations remained stable throughout the reporting period. Routine inspections and maintenance activities were carried out to ensure the efficient operation of facility assets and company vehicles. Key infrastructure works were completed, including the preparation of mounting floors for the new compressor and 150KVA inverter, as well as replacement of the facing board at the newly acquired facility. Renovation activities at the new facility also progressed, with plumbing and fence construction works ongoing.

2. COMPLETED ACTIVITIES

The following activities were successfully completed during the reporting period:

- Construction of the mounting floor for the new compressor.
- Construction of the mounting floor for the installation of the new 150KVA inverter.
- Replacement of the facing board at the newly acquired facility.
- Routine facility inspections conducted to identify maintenance requirements and monitor ongoing projects.

3. ISSUES IDENTIFIED / MAINTENANCE REQUIREMENTS

The following maintenance requirements and improvement works were identified and remain pending:

- Painting of the water tank stand located behind the Boys' Quarters (BQ) to prevent corrosion and improve appearance.
- Extension of the compressor house to provide adequate accommodation and protection for the newly acquired compressor unit.
- Installation of an air conditioning unit at the Security Block to improve working conditions for security personnel.
- Landscaping and planting of flowers along the front pathway to enhance the overall aesthetics of the facility.
- Collapsed interlock floor behind press.
- General painting works across designated facility areas requiring maintenance and visual improvement.

4. MAJOR ONGOING PROJECTS

Renovation of Newly Acquired Facility

The renovation project continues to progress with the following activities ongoing:

- Plumbing works are in progress and awaiting completion.
- Fence construction works have commenced, including bricklaying and excavation of foundations for fence pillars.
- Plastering of fence ongoing

5. FLEET / VEHICLE STATUS

Vehicle	Condition	Maintenance Requirement	Status
Mitsubishi Pickup	Working	Nil	Operational
Kia Rio	Working	AC hose replacement completed	Operational
Hyundai Elantra	Working	Maintenance completed	Operational
Chevrolet Bus (Grey)	Working	Servicing and tie-rod replacement required	Operational
Chevrolet Bus (White)	Working	Gearbox performance monitoring	Operational

Vehicle	Condition	Maintenance Requirement	Status
Chevrolet Aveo	Working Nil		Operational

Overall Fleet Status

The fleet remains operational and available for company activities. Routine servicing and preventive maintenance should continue to ensure reliability and reduce the risk of unexpected downtime.

6. PLANS FOR NEXT REPORTING PERIOD

- Improve illumination across the facility premises through installation and replacement of faulty lighting fixtures.
- Continue monitoring and supporting ongoing renovation works at the newly acquired facility.

PRODUCTION REPORT

1. Production Overview

During the previous week, production activities were primarily driven by high-volume jobs from key clients, with selective contributions from smaller accounts. Output was concentrated on instant card issuance and selected customized card batches.

2. Total Production by Customer (Weekly Summary)

Total Cards Produced - 99

High-Volume Production

- Opay
Total output: 0 cards
- AGIB
Total Output: 0 cards
- WEMA Verve
Total Output: 0 cards

- Polaris Bank

Total Output: 99 cards

- Wesley

Total Output: 0

3. Operational Insights/Difficulties

a. Production Concentration Risk

- Downturn in card requests

b. Machine Utilization

- Machines in working condition

- Follow up with Telco and IT on the production of 100,000 SIM cards, which represents

Follow up with card center on the invoice shared for the perso of 4 pieces of Wesley cards and 16 pieces of smart city cards.

ADMINISTRATIVE/ HR REPORT

S/N	Issue/Activity	Action Taken/Status
1	Management welfare activities	Management welfare matters were attended to and necessary support provided during the week.
2	Casual workers' payments	Casual workers' payments were collated, processed, and funds raised for payment.
3	Shipment of cards to Gambia	Cards were shipped to Gambia and follow-up activities were carried out to monitor the shipment process and ensure successful delivery.
4	Exhibition support	Refreshments were purchased and provided for the exhibition exercise.
5	Memo preparation	Memos were raised as required to facilitate administrative and operational activities.
6	Documentation and filing	Delivery notes and other official documents were properly filed and organized for record-keeping purposes.
7	Document preparation	Official documents were typed and processed as required.
8	Facility maintenance	The numbering machine was repaired and restored to working condition.
9	Facility improvement	A painter was engaged to assess the required painting work and has submitted a quotation.
10	Recruitment and staffing	The positions of Production Manager, Quality Control (QC) Head, and Second Vault Custodian have been successfully filled.
11	Recruitment update	The positions of General Manager (GM) and Accountant remain vacant and recruitment efforts are ongoing.
12	New vacancy	An opening currently exists for the position of Managing Director's Driver.
13	Staff resignation	Mr. Vincent Shegun submitted his resignation letter last week. The reasons stated for his resignation were limited opportunities for career growth and a lack of motivation. Management has been informed and the necessary HR documentation process has commenced.

Summary

Administrative and HR activities were carried out successfully during the reporting period. Key achievements include the repair of the numbering machine, successful shipment and follow-up of cards to Gambia, completion of recruitment for critical operational positions, and continued

efforts to fill outstanding vacancies. Staff welfare, documentation, filing, and other administrative functions were effectively managed. Additionally, the resignation of Mr. Vincent Shegun was received and processed in line with company procedures.

MAINTENANCE REPORT

1. OC200 CHILLER SERVICING

ACTIONS TAKEN:

- Cleaned the heat exchanger and internal components of the chiller using compressed air.
- Topped up the water level to the required capacity.
- Powered ON the machine and monitored its operation.

OBSERVATION:

- The chiller is cooling optimally and operating normally.

2. MILLING AND EMBEDDING MACHINE 1 – CHIPS PUNCHING TOOL HOOKED

ACTIONS TAKEN:

- Disassembled the unit for inspection and troubleshooting.
- Removed the broken and stuck pin and replaced it with a new one.
- Lubricated all linear bearings.
- Reassembled the unit and carried out necessary adjustments.
- Conducted a test run to verify proper functionality.

OBSERVATION:

- The unit is functioning optimally.

3. Resetting of OC200 Cooling Temperature to Clear High-Temperature Alarm

ACTIONS TAKEN:

- Troubleshooted the system to identify the root cause of the alarm.
- Reset the upper and lower temperature limits of the chiller.
- Adjusted and reset the machine flow and operating temperature parameters.

OBSERVATION:

- The temperature was restored to normal operating conditions, and the machine is functioning optimally.

4. RESETTING OF NEW MILLING AND EMBEDDING MACHINE SETTINGS TO INCREASE OPERATING SPEED

ACTIONS TAKEN:

- Reviewed and adjusted the machine settings to improve performance.
- Conducted a test run to evaluate the machine's operating speed and stability.

OBSERVATION:

- The machine operating speed improved significantly.

NEXT ACTION:

- Continue monitoring the machine during full-load production to confirm stable performance and reliability.
-

INTERNAL AUDIT AND COMPLIANCE REPORT

S/N	DESCRIPTIONS	REMARKS
ACTIVITIES		
1.	Wema Bank	Still in the process of obtaining it. Made submissions to several insurance companies and awaiting quote.
2.	Fire Drill and Servicing of Fire Extinguishers.	A date will be announced soon for the drill . For the extinguishers, memo is currently with Accounts.
3.	Mastercard	Payment has been shared with Mastercard. Awaiting confirmation.

4.	Faulty Hard disks and 64 Bit Processor	It was diagnosed that the DVR is faulty. Also, we need to upgrade the 32 bit processor in Control room to 64 bit to accommodate the access control and Anti-passback software.
5.	Patch Manager Plus	The installation has commenced. It should be completed next week.
6.	Preventive Maintenance	Maplesoft: The servicing and maintenance for access control doors, fire alarm panels in the HAS and cameras is likely to hold next week. For the other areas, we are having inspection from several vendors and should close out on it by Next week too.
7.	Loading Bay Issue	Loading Bay currently has 2 major issues. The one concerning access control will be resolved next week by Maplesoft. For the second one, maintenance will troubleshoot it after Maplesoft have fixed the access control.
8.	CRM Software	The issues with the software have been communicated with the appropriate parties. Also, we are looking at hosting the Software so that it can be accessed outside of Cardstel's network.

9.	FCMB 3 rd Party Risk Assessment	Participated in the Bank's Risk Assessment.

QC REPORT

Production Summary

AGIB Verve 2,500

Polaris Afrigo 100

Total 2,600

Key Highlights

- Production volume reduced significantly during the week.
- AGIP Verve accounted for 96% of the week's output with 2,500 cards packed.
- Polaris Afrigo recorded a total of 100 cards packed.
-

ACCOUNTS REPORT

1. Executive Summary

During the week under review, key accounting and administrative activities were carried out successfully. These included daily bank balance monitoring, preparation of sales and delivery documentation, follow-up on customer payments and inventory management activities. The stock reconciliation exercise was completed and awaiting approval. However, the continued shortage of personnel in the Accounts Department remains a major challenge affecting operational efficiency and timely execution of duties.

2. Bank Position & Cash Management

Daily bank balance reports were prepared and submitted to the Managing Director before 10:00 a.m. each working day. This ensured prompt visibility of the company's cash position and supported effective cash flow management, financial planning, and informed decision-making.

3. Sales, Delivery & Invoicing Activities

The following activities were completed during the reporting period:

- Preparation and issuance of delivery notes for dispatched items.

- Follow-up on outstanding customer payments to ensure timely collections.
- Proper processing, recording and filing of all sales and delivery-related documents in accordance with company policies and procedures.

4. Stock Management & Tally Activities

The stock reconciliation exercise was successfully completed, and the report is currently awaiting management approval. Upon approval, the necessary stock adjustment entries will be posted in Tally.

Continuous support and guidance were also provided to storekeepers on the effective use of Tally to improve stock recording accuracy, inventory control, and overall record management. Efforts to migrate stock records from Excel to Tally continued during the week.

5. Receivables Status

Most customers met their payment obligations during the week. However, outstanding receivables from UBA and Wema remain unpaid and require continuous follow-up to ensure prompt recovery and improve cash inflow.

6. Observations & Recommendations

- Routine accounting operations continue to be carried out effectively despite resource constraints. However, the shortage of staff within the Accounts Department continues to affect productivity timelines and operational efficiency.
- The CRM platform is not yet being fully utilized for delivery operations, as job IDs are still being forwarded to the Accounts Department manually. Full implementation of the CRM system would enable delivery notes to be generated directly from the platform, reducing paperwork, improving efficiency, enhancing document tracking, and strengthening interdepartmental coordination.

7. Pending Tasks for the Coming Week

- Follow up on overdue customer payments particularly those relating to personalization services.
- Obtain approval for stock adjustments and post the required entries in Tally.

Continue the migration of stock records from Excel to Tally.

Adjournment:

The meeting was moved for adjournment at 1:13 PM by **Ms. Princess Obaseki** and seconded by **Ms. Chiamaka Nwankwo**.
