

MINUTES OF MANAGEMENT MEETING HELD ON JUNE 30, 2026

Attendance

Mr. Lanre Adebayo

Mr. Innocent Iyare

Ms. Chiamaka Nwankwo

Mr. Harrison Obayi

Mrs. Gloria Morka

Ms. Vivian Iyaha

Mr. Anthony Aigbokhai

Ms. Princess Obaseki

Mr. Desmond Ikwuezuma

Mr. Kenneth Onyemachi

Mr. Emmanuel Udo

The meeting commenced at **11:08 a.m.** with an opening prayer led by **Ms. Princess Obaseki**.

Review of Previous Minutes

Amendments: None

Adoption: Mr. Lanre moved for the previous minute adoption and seconded by Mr. Desmond.

Matters Arising

Airtel Project:

Mr. Kenneth reported that the script will be worked on.

JavaScript:

Mr. Kenneth reported that he tried to personalize the cards Ho & Bro has provided Java OS, Script, and a test card for but errors were detected. This has been escalated to Ho & Bro and it is currently being troubleshooted.

Printers:

Mrs. Gloria reported that Providus banks' printers cannot connect via Windows 11. Also, Mr. Femi said it is not a challenge at the moment.

PalmPay:

Mr. Kenneth reported that there is no NFC card reader. Using Mat-Tech as a substitute did not work as suggested.

Polaris Bank:

Mrs Gloria reported review from last week indicated that our pricing is being perceived as less competitive compared to our competitors.

Glo:

Mr. Kenneth reported the agreement was reached with transna. Current input file will be use.

Keydom:

Currently developing the OS but has hit roadblocks requiring further inputs from Airtel. These questions have been forwarded to Airtel, and response is still pending.

CRM Software:

Mr. Lanre noted that the CRM software has not been used.

Lebara:

No update if chip has been secured. Expecting data from verve to commence production.

Access:

Follow up still being done.

Action Points

1. **Airtel** – Complete script and follow up on pending inputs.
2. **JavaScript** – Continue troubleshooting card personalization errors with Ho & Bro and retest after resolution.
3. **Printers** – Investigate Windows 11 compatibility issues with Providus Bank printers.
4. **PalmPay** – Source and test an alternative NFC card reader solution.
5. **Polaris Bank** – Review pricing and develop strategies to improve competitiveness.
6. **Glo** – Proceed with the agreed Transna arrangement using the current input file.
7. **CRM Software** – Review usage and drive adoption.
8. **Lebara** – Follow up on chip procurement and obtain Verve data to commence production.
9. **Access Bank** – Continue follow up and provide updates.
10. **Business Visits** – Schedule visits to Ecobank, Access Bank, and GTBank.
11. **INEC** – Prepare materials and agenda for the upcoming visit.

DEPARTMENTAL REPORTS

FACILITY REPORT

1. SUMMARY

Facility and fleet operations remained stable throughout the reporting period, despite a temporary operational disruption caused by a bird coming into contact with an overhead power line, which resulted in the shutdown of the facility transformer causing a two days downtime. Normal operations were restored promptly.

2. COMPLETED ACTIVITIES

The following activities were successfully completed during the reporting period:

- Replacement of the shed at the Gate House entrance.
- Repair of broken floor tiles in the kitchen.
- Replacement of the shed at the reception entrance
- Mitsubishi Pickup power steering pump fault was diagnosed and successfully repaired.
- Chevrolet Staff Bus suspension repairs and engine oil service completed.
- Improvement of illumination at the Press Department, with additional lighting works still ongoing.
- Routine facility inspections conducted to identify maintenance requirements and monitor ongoing projects.

3. ISSUES IDENTIFIED / MAINTENANCE REQUIREMENTS

The following maintenance requirements and improvement works were identified and remain pending:

- Painting of the water tank stand located behind the Boys' Quarters (BQ) to prevent corrosion and improve appearance.
- Extension of the compressor house to provide adequate accommodation and protection for the newly acquired compressor unit.
- Installation of an air conditioning unit at the Security Block to improve working conditions for security personnel.
- Landscaping and planting of flowers along the front pathway to enhance the overall aesthetics of the facility.
- Collapsed interlock floor behind the Press Department.
- General painting works across designated facility areas requiring maintenance and visual improvement.

4. MAJOR ONGOING PROJECTS

Renovation of Newly Acquired Facility

The renovation project continues to progress with the following activities ongoing:

- Plumbing works are in progress and awaiting completion.

- Fence construction works, including bricklaying and excavation of foundations for fence pillars.
- Plastering of the perimeter fence is ongoing.
- Iron rods required for the construction of the proposed warehouse building have been supplied in preparation for the next phase of construction.

5. FLEET / VEHICLE STATUS

Vehicle	Condition	Maintenance Requirement	Status
Mitsubishi Pickup	Working	Power steering pump issue reported and successfully resolved.	Operational
Kia Rio	Working	AC hose replacement completed.	Operational
Hyundai Elantra	Working	needs to be examines for electrical fan issues.	Operational
Chevrolet Bus (Grey)	Working	Suspension and servicing completed; reported issue resolved.	Operational
Chevrolet Bus (White)	Working	airflow electrical issues identified and successfully resolved	Operational
Chevrolet Aveo	Working	Brake oil leakage observed and requires attention.	Operational

Overall Fleet Status

The fleet remains fully operational and continues to support company operations effectively. Most reported mechanical issues during the reporting period were successfully resolved, including repairs to the Mitsubishi Pickup and Chevrolet Grey Staff Bus. Preventive maintenance continues to improve vehicle reliability; however, attention is required to address the brake oil leakage on the Chevrolet Aveo and to continue monitoring the gearbox performance of the White Chevrolet Staff Bus to prevent future downtime.

6. PLANS FOR NEXT REPORTING PERIOD

- Improve illumination across the facility premises through installation and replacement of faulty lighting fixtures.
- Continue monitoring and supporting ongoing renovation works at the newly acquired facility.

ACCOUNT REPORT

1. Executive Summary

During the week under review, key accounting and administrative activities were carried out successfully. These included daily bank balance monitoring, preparation of sales and delivery documentation, follow-up on customer payments and inventory management activities. The stock reconciliation exercise was completed and awaiting approval. However, the continued shortage of personnel in the Accounts Department remains a major challenge affecting operational efficiency and timely execution of duties.

2. Bank Position & Cash Management

Daily bank balance reports were prepared and submitted to the Managing Director before 10:00 a.m. each working day. This ensured prompt visibility of the company's cash position and supported effective cash flow management, financial planning, and informed decision-making.

3. Sales, Delivery & Invoicing Activities

The following activities were completed during the reporting period:

- Preparation and issuance of delivery notes for dispatched items.
- Follow-up on outstanding customer payments to ensure timely collections.
- Proper processing, recording and filing of all sales and delivery-related documents in accordance with company policies and procedures.

4. Stock Management & Tally Activities

The stock reconciliation exercise was successfully completed, and the report is currently awaiting management approval. Upon approval, the necessary stock adjustment entries will be posted in Tally.

Continuous support and guidance were also provided to storekeepers on the effective use of Tally to improve stock recording accuracy, inventory control, and overall record management. Efforts to migrate stock records from Excel to Tally continued during the week.

5. Receivables Status

Most customers met their payment obligations during the week. However, outstanding receivables from UBA and Wema remain unpaid and require continuous follow-up to ensure prompt recovery and improve cash inflow.

6. Observations & Recommendations

- Routine accounting operations continue to be carried out effectively despite resource constraints. However, the shortage of staff within the Accounts Department continues to affect productivity timelines and operational efficiency.
- The CRM platform is not yet being fully utilized for delivery operations, as job IDs are still being forwarded to the Accounts Department manually. Full implementation of the CRM system would enable delivery notes to be generated directly from the platform, reducing paperwork, improving efficiency, enhancing document tracking, and strengthening interdepartmental coordination.

7. Pending Tasks for the Coming Week

- Follow up on overdue customer payments particularly those relating to personalization services.
- Obtain approval for stock adjustments and post the required entries in Tally.

Continue the migration of stock records from Excel to Tally.

PRODUCTION REPORT

1. Production Overview

During the previous week, production activities were primarily driven by high-volume jobs from key clients, with selective contributions from smaller accounts. Output was concentrated on instant card issuance and selected customized card batches.

2. Total Production by Customer (Weekly Summary)

Total Cards Produced - 23

High-Volume Production

- Opay

Total output: 0 cards

- AGIB

Total Output: 0 cards

- WEMA Verve

Total Output: 0 cards

- Polaris Bank

Total Output: 23 cards

- Wesley

Total Output: 0

3. Operational Insights/Difficulties

a. Production Concentration Risk

- Downturn in card requests

b. Machine Utilization

- Machines in working condition

Mag Encoder Readings

Matica 1	798,414
Matica 2	1,063,948
MS-5000 1	1,982,681
MS-5000 2	192,690

c. Job Scheduling Efficiency

- Experiencing reduced workflow

d. Glo 91,000 card bodies(front) and 107,000(back) were prepared at the OC 200.
