

MINUTES OF MANAGEMENT MEETING HELD ON JUNE 8, 2026

ATTENDANCE

Mr. Anthony Aigbokhai

Mr. Lanre Adebayo

Mrs. Gloria Morka

Mr. Innocent Iyare

Mr. Emmanuel Udo

Mr. Desmond Ikwuezuma

Ms. Princess Obaseki

Ms. Vivian Iyaha

Ms. Chiamaka Nwankwo

Mr. Kenneth Onyemachi

Mr. Harrison Obayi

The meeting commenced at 10:15am with an opening prayer led by **Mr. Innocent Iyare**.

The minutes were adopted by **Mrs. Gloria Morka** and seconded by **Mr. Innocent Iyare**.

MATTERS ARISING

LEBARA

Mrs. Gloria Morka reported that another SIM card test was conducted on Friday and the SIM card displayed Lebara NG. **Mr. Kenneth Onyemachi** explained that the issue previously experienced was due to Lebara's dependence on Airtel's network. Because of this dependency, the SIM cards displayed both Airtel and Lebara. He stated that modifications were carried out

on their operating system to address the issue. System modifications have resolved the previous Airtel/Lebara display issue.

Fresh simcards were sent on Friday, June 5, 2026 and before sending, we tested and now the simcards displays "Lebara NG" successfully. Packaging already in production line.

ABIDJAN

Mrs. Gloria Morka reported that no feedback from UBA and GTBank Abidjan. Also, there's been follow up with contacts from Abidjan exhibition.

Mr. Anthony Aigbokhai informed the meeting that both Mr. Anthony Okafor and the MD were currently in Liberia. The purpose of the trip includes exchanging printers and holding meetings with potential business contacts to explore new opportunities.

INEC

Mr. Anthony Aigbokhai reported we successfully met the required submission deadline last week.

It was reported that the bidding exercise is scheduled for Wednesday, June 10, 2026.

Mr. Valentine will represent the company in Abuja during the INEC bidding process.

POLARIS

Mrs. Gloria reported that Polaris Bank sent files for the embossed card project on Wednesday.

The Information Technology Department will process the files and carry out the necessary preparation.

She further stated that Polaris requested the production of 7,000 Verve cards and 500 Verve cards. Key exchange failed and report was shared with the bank and we asked that they engage Interswitch to resolve the issue with them.

ACCESS BANK

Mrs. Gloria Morka informed the meeting that Access Bank is still reviewing the company's proposal and will provide feedback once their review is completed. Proposal still under review yet to get back to us on printer purchase. Follow-up to continue.

CRM IMPLEMENTATION

It was reported that the CRM system has been successfully installed.

Management agreed that all Unit Heads should begin using the system and provide feedback on any challenges encountered.

This will allow the IT team to make necessary adjustments and improvements.

Mr. Emmanuel Udo reported that Mr. Joseph Odesola requested the inclusion of stock categories within the CRM system to improve inventory management.

The request was noted for implementation.

FIRSTBANK:

Mr Kenneth Onyemachi reported that we are still waiting for the First Bank team to resolve the issue with their VPN server downtime. Once the server is back up, we will engage First Bank and walk them through the API integration completed for the Expression platform.

AGIB BANK:

Mr. Kenneth Onyemachi reported that the current issue affecting the bank data from being personalized, has been further discussed with the Gamswift representative Mr Adama, who confirmed that he has not been receiving our emails due to the fact that the email address we have been sending mails to has been changed. Mr. Adama provided his new email address, and promised to involve his contact in Verve international to see how they can help in resolving the data issue.

KEYDOM

Mr. Kenneth Onyemachi reported that Keydom is currently developing OS and Perso script for the Airtel Java SIM project. We have asked them to share timeline but they are yet to provide us with timeline.

VISA CARD

Mr. Anthony Aigbokhai requested an update on the Visa Card project and emphasized the need to ensure progress on all outstanding activities relating to the project.

FORKLIFT REPAIRS

Mr. Anthony Aigbokhai reported that repairs on the forklift have commenced.

However, the key starter has developed a fault and requires replacement or repair.

AIRTEL PROJECT

Input File:

Mr. Anthony Aigbokhai was requested to provide an update regarding the increasing PUK issue. **Mr. Kenneth Onyemachi** reported that we received 2million input file for the production of two million SIM cards and 10 Input file for the production of 10 samples test SIM cards for Airtel Java SIM cards.

Puk Issues:

Mr. Kenneth Onyemachi reported that the Airtel PUK issue has continued to rise significantly, Airtel reported that one sales outlet is recording 600 SIM cards with PUK issue for just one week. We are currently investigating the issue and have requested Airtel to provide us with the affected SIM cards for further analysis.

MATICA

Mr. Desmond provided an update regarding the Matica machine. **Mr. Anthony** asked whether Mr. David had been contacted concerning the challenges experienced with the machine. Mr.

Desmond confirmed that communication had taken place. A discussion followed regarding a batch of 100 cards produced. Mr. Anthony requested clarification on card variance. Ms. Chiamaka explained that the variance was based on the quantity requested. Further clarification was provided by Mr. Desmond.

Mastercard

Ms. Princess Obaseki reminded the team that MasterCard compliance expired May 31, 2026 and needs to be renewed. Ms. Princess raised the need for two additional security personnel in the Telco section.

Management further discussed reports of staff sleeping within the company premises during working hours and emphasized that such behaviour is unacceptable (CISO and Admin to follow up)

The faulty air conditioning unit in the Control Room was also discussed. The unit is leaking water and requires urgent attention from the Facilities Department. (Facility Manager to follow up).

QC

Ms. Chiamaka Nwankwo raised concerns about the accumulation of Opay and PalmPay waste. Management approved the disposal of Opay waste materials. However, PalmPay waste materials should be packaged and returned together with PalmPay scrap materials as required.

Ms. Princess Obaseki observed that the shredding room is gradually becoming a storage area for waste materials. She advised that waste materials should be removed regularly to maintain cleanliness, safety, and proper use of the facility.

ACCOUNTS

Mr. Emmanuel Udo was directed to prepare and submit a list of all unresolved staff payment issues.

It was also agreed that new employee form should contain Pension Fund Administrator (PFA) details, PAYE Identification Numbers, and all relevant documentation to prevent unnecessary payment delays.

DEPARTMENTAL REPORTS

IT Report

ACTIVITIES		
S/N	DESCRIPTIONS	REMARKS
1.	AGIP BANK JOB	The Agip bank job tag 9F46 was escalated to Adama Gamswich who confirmed that the email address we have been using in our correspondence has been changed. He provided a new email address and we forwarded the emails to him. He looped in Verve team to take a look at the issue.
2.	FIRST BANK EXPRESSION	We are still waiting fro the First bank team to resolve the issue with their VPN Server downtime. Once the Server is up, we will engage First bank to walk them through the API integration we did for the Expression platform
3.	AFRIGO	Card Body Certification: I followed up on Madam Faith and she maintained that we will get the certification. She said we can also reach out to Kelvin of Wisecard who is directly in charge of the Afrigo Card body certification
4.	POLARIS BANK	Polaris Bank sent to us the customer names the wanted us to include on the already personalize embossed cards but this information came in excel format which our machine cannot accept. We have schedule a meeting with the bank to discuss the way forward
5.	HSM	We made contact with some companies for the SIM card data preparation software including Thales but we are yet to get their respondse.
6.	CIM	We will schedule the CIM training with the CIM team by next week. We are currently working to integrate the machine with Wisecard solution

7.	LEBARA NETWORK	Lebara had issue with our SIM, as the network name display Airtel - Lebara NG. We have reviewed the issue and have established with the Lebara team that the issue is not from us but we are working with the Keydom team to provide them with a solution
8.	KEYDOM	Keydom is currently developing OS and Perso script for the Airtel Java SIM project. We have asked them to share timeline.
9.	VITEL	Vitel is yet to complete testing of our SIM. They promised to provide us with the test result as soon as completed.
10.	AIRTEL	We received 2 Million Airtel Input file for Native SIM and also received 10 Input file for Airtel Java SIM test. Also for the Airtel PUK issue with our SIM from Ho&Bros we have made arrangement with the team to retrieve or buy the SIMs with the PUK issues so we can test in house together with the Ho&Bro to see what the issue is and provide solutions.
11.	GLO	We have sent the Glo 1,125,000 prepaid and maintenance Input file to Trasna for data preparation and we are expecting input file by next week
12.	DATACENTER BACKUP	All Servers were completely backup and offsite tape was maintained.
13.	JOB UPLOAD	OPAY INSTANT - 90,000 UBA – 0 WEMA VERVE – 2,400 POLARIS BANK – 70 Emboss PALMPAY – 0

PRODUCTION REPORT

1. Production Overview

During the previous week, production activities were primarily driven by high-volume jobs from key clients, with selective contributions from smaller accounts. Output was concentrated on instant card issuance and selected customized card batches.

2. Total Production by Customer (Weekly Summary)

Total Cards Produced - 243,791

High-Volume Production Opay

Total output: 240,121 cards

Palmpay

Total Output: 0 cards

WEMA Verve

Total Output: 3,670 cards

Polaris Bank

Total Output: 0 cards

UBA

Total Output: 0

Wesley

Total Output: 0

3. Operational Insights/Difficulties

a. Production Concentration Risk

Downturn in card requests

b. Machine Utilization

Machines in working condition

Mag Encoder Readings

Matica 1	796,410
Matica 2	1,063,942
MS-5000 1	1,981,508
MS-5000 2	192,678

C. Job Scheduling Efficiency

Experiencing reduced workflow

QC/QA Report

For last week, the following activities were carried out at the QC section.

1. **Opay Instant** — 120,000 Units
2. **Polaris Afrigo** — 9,000 Units
3. **Wema Instant** — 3,969 Units
4. **Sera Branded Verve** — 100 Units

MAINTENANCE REPORT

TITLE: Reinstallation of the Repaired Technotrans Heat Exchanger and Gas Refilling

ACTIONS TAKEN:

- Reinstalled the heat exchanger by welding back all disconnected pipes.
- Refilled refrigerant gas into the compressor system.
- Reconnected all loosened hoses and fittings.
- Carried out test running of the machine after installation.

OBSERVATIONS:

- No further water leakage was observed.
- The Technotrans unit was operating optimally and chilling effectively as required.

TITLE: SM74 Return Water Motor Fault Rectification

ACTIONS TAKEN:

- Troubleshooted the motor and discovered that the rotor bearing was faulty, while the circuit breaker powering the motor was also damaged.
- Disassembled the motor and replaced the defective rotor bearing.
- Reassembled the motor after replacement.
- Replaced the damaged circuit breaker with a new one.

OBSERVATION:

The motor was tested and confirmed to be functioning properly and operating perfectly.

TITLE: Installation of the New Punching Machine in PMC

ACTIONS TAKEN:

- Coupled and assembled all machine parts accordingly.
- Carried out power cable connections.
- Powered ON the machine for commissioning.
- Performed system settings, calibration, and necessary adjustments.
- Discovered that some sensors were not communicating properly.
- Troubleshooted the issue and found that some communication cables had internal open circuits.
- Replaced/bypassed the faulty cables to ensure proper sensor communication.
- Conducted final testing, adjustments, and system resetting before test running the machine.

OBSERVATION:

The punching machine was performing optimally and punching accurately as required.

TITLE: Abnormal Noise in OC200 Unit 1 (Crank Rocker Shaft Bearing – Linear Ball Bearing)

ACTIONS TAKEN:

- Opened the covering of Unit 1 for fault tracing and inspection.
- Identified the source of the abnormal noise as the linear ball bearing of the crank rocker shaft bearing.
- Disassembled the affected compartment.
- Carefully rearranged and aligned the scattered ball bearings.
- Applied grease to the ball bearings and reassembled the compartment.
- Reassembled all components and carried out test running of the machine.

OBSERVATION:

No further abnormal noise was observed, and the machine was operating normally.

TITLE: OC200 Unit 2 & 3 UV Cooling Plates and Unit 2 Plate Roller Overheating Issue

ACTIONS TAKEN:

- Troubleshooted the fault on the cooling system.
- Discovered that there was an obstruction in the flow of water through the affected chambers.
- Powered OFF the chiller system for maintenance.
- Disassembled the chambers and blew out the clogged water flow lines in the cooling plates and plate roller.
- Reassembled the chambers and powered ON the chiller for testing.

OBSERVATION:

Cold water circulation was restored perfectly, and the Unit 2 & 3 cooling plates together with the Unit 2 plate roller were properly chilled as required.

Business Development & Sales Report

1. Client Engagement Activities

S/N	Client Name	Highlight	Comments	Next Steps
1	POLARIS BANK	LPO FOR THE SUPPLY OF 7,000 AFRIGO CARDS LPO FOR THE SUPPLY OF 456 EXPLORER PREPAID CARDS Afrigo Card Request_21.05.2026	The client requested for the production of 7,000 Afrigo co-branded cards which final offer of 1,500 per card was shared. The bank has been informed that we will not commence with the procurement of the materials required to complete the production of the card pending when the LPO is issued. The bank has been informed that the KEK failed to get KCV. And has been advise that the KEK should be generated under the ZMK and reshare the clear keys. A detailed summary on the 90K Afrigo Card order and the current status. We need the bank to confirm their position on the remaining data with us.	Follow up with the client for the LPO. On standby for the client feedback. Awaiting feedback.
2	CARDCENTRE	URGENT: Personalization of Afrigo Card (BACSAAN, WESLEY AND TREASURENEST)	The client requested for an urgent personalization of 4 Wesley and 16 smart city cards.	Follow up with the client on payment and QC for perso.

3	FCMB	CARD SERVICES PARTNERSHIP BETWEEN CARDSTEL AND FCMB	The requested documents by the clients has been shared accordingly.	Follow up internally on Cardstel search report.
4	UNION BANK	UNIONBANK ONBOARDING: REQUESTED DOCUMENTS	The onboarding process has been successful and completed	Follow up with the bank on the next line of action.
5	LEBARA NIG.	PHYSICAL SIM SAMPLE	The client has been informed of the final production output will be closely aligned with the initially approved sample. And a new sample for their review and approval will be shared before commencement of production. payment has been processed for the production of the Sim packs.	Follow up internally.
6	PIOTEK	Appreciation for Today's Meeting and Next Steps	A virtual meeting was held regarding possible collaboration.	Discuss internally.

7	REGENT MFB	CARD PRODUCTION PARTNERSHIP WITH CARDSTEL X REGENTMFB	An updated invoice has been shared with the bank	Follow up with the prospective client.
8	ZENITH BANK	CARDSTEL PROPOSAL	Proposal has been shared with the prospective client	Follow up with the bank.
9	ECO BANK	CARD PURCHASE FOR Q3 2026	Offer has been shared with the client.	Follow up with the client.

2. Sales Pipeline Status

S/N	Lead Name	Stage	Next Action
1	Access Bank	Engaged	Follow up with the proposal sh
2	Nem Insurance	Engaged	Follow up with the proposal sh

3. Other Activities and Updates

- Weekly stock report was shared with clients.
- Follow up with IT on update for the digital pay expo marketing materials.
- Preventive maintenance guide was shared for instant issuance printer.
- Follow up mail was done to prospective client from ID4AFRICA and Kigali.
- Palmpay has requested to halt all productions until further notice.
- Reminder mail was done for the Mastercard plastic for lotus bank.
- GTB kiosk SLA has been review and shared with the bank.
- The faulty 4 pieces of javelin instant issuance card printer for GTB in branch has been serviced and delivered to the bank.
- Opay stock certificate was shared.

4. Marketing calls/visit

- Follow up calls to GTB in branch to get update on the invoice shared for the faulty card printers and also to get update on SLA review.
- Visit to Optimus bank to follow up on their request for embossed card printers.

5. Action Plan for Next Week

- More Marketing calls/visit to be done
- Follow up internally on the UBA Sierra Leone cards sent to kingdom.
- Follow up with IT on their travel to visit to GTB Liberia and UBA Sierra Leone on the concern raised by them on their faulty card printer and the printer request and consumables for UBA Sierra Leone.
- Follow up internally for the inquiry about scratch-off security sticker production.
- Meeting schedule confirmation for Wednesday with Banja Chisupa.
- Meeting schedule confirmation for Tuesday with Paulo Pedro.
- Follow up with IT/ PERSO regarding the pending 2,000 AGIB cards.

- Follow up with WEMA bank for all the outstanding payments.
- Follow up with GTB regarding SLA sign-off.
- Follow up with Polaris bank on SLA sign-off.
- Send /follow up with Proposals.
- Off-site support to customers on instant issuance printers.
- Attend to client's needs.
- Follow up with Optimus bank on the quote shared for the embossed card printer as requested.
- Follow up with Access bank on update for the POC request for Pointman printer and invoice shared.
- Follow up with CASHA bank on update for data to commence card production.

FACILITY REPORT

1. Summary

facility/fleet support services operated with minimal disruption. .

2. Completed Activities

- Painting and calibration of diesel tank.
- Collapsible gate was remounted.

3. Issues Identified / Maintenance Requirements

- Painting of water tank stand behind the BQ.
- Installation of drainage pipe to channel water from the compound to the gutter.

Extension of compressor house to accommodate the new compressor

- Installation of an air conditioning unit at the Security Block.
- Landscaping/flowers required to improve the appearance of the front pathway.
- General painting works required across facility areas.

4. Major Ongoing Projects

Renovation of Newly Acquired Facility

Progress Status:

- Plumbing works – In Progress / Pending Completion.
- Tiling works – Ongoing.

5. Fleet / Vehicle Status

Vehicle	Condition	Maintenance Requirement	Status
Mitsubishi Pickup	Working	Nil	Operational
Kia Rio	Working	AC hose replacement required	Operational
Hyundai Elantra	Working	Routine servicing required	Operational
Chevrolet Bus (Grey)	Working	Servicing & tie rod replacement required	Operational
Chevrolet Bus (White)	Working	Gearbox monitoring	Operational
Chevrolet Aveo	Working	Nil	Operational

6. Plans for Next Reporting Period

- carry out repairs and maintenance activities as need arise.
- Follow up on ongoing renovation works at the newly acquired facility.
- Implement approved maintenance actions and facility improvements.
- Monitor repaired vehicles for operational performance.

ADMIN REPORT

Department	Issue Identified	Action Taken
Administration	Diesel calibration exercise	Calibration completed successfully.
	Diesel tank painting	Painting work completed and monitored to ensure proper execution.
	Diesel monitoring	Daily diesel checks carried out and records maintained.
	Attendance management	Staff attendance recorded and monitored daily.
	Filing and	Delivery notes and other official documents filed

Department	Issue Identified	Action Taken
	documentation	accordingly.
	Bank transactions	Official bank visits carried out as required.
	Market survey	Conducted market survey at Shomolu for procurement purposes.
	Airport waybill collection	Collected waybill and relevant shipment documents from the airport.
	Premises inspection	Routine inspection of company premises conducted.

13	NDPR	Dec 31st 2026	Active
14	Fire Service Certificate	December 2026	Active

ACCOUNT

1. Executive Summary

During the week under review, key accounting functions were carried out effectively including daily bank balance monitoring, sales documentation processing and stock management activities. Significant progress was made in stock reconciliation while customer payment monitoring and internal control initiatives continued to receive attention. However, certain operational challenges, particularly inadequate manpower within the Accounts Department require management's attention and intervention.

2. Bank Position & Cash Management

Daily bank balance schedules were prepared and submitted to the Managing Director before 10:00 a.m. throughout the week. This ensured timely visibility of the company's cash position and supported effective financial planning, liquidity management, and decision-making.

3. Sales, Delivery & Invoicing

The following activities were successfully carried out during the week:

- Preparation of delivery notes for dispatched items.
- Preparation and issuance of Monthly personalization invoices to customers for review and confirmation.

All related documents were properly processed, recorded, and filed in accordance with the company's established procedures and internal control requirements.

4. Stock Management & Tally Activities

The stock reconciliation report has been completed and is currently awaiting management approval. Upon approval, the necessary stock adjustment entries will be posted in Tally.

Additionally, further guidance and training will be provided to storekeepers on the proper use of Tally for stock recording and inventory management. This initiative is expected to improve user competency, promote consistency in stock documentation and enhance the accuracy and reliability of inventory records.

5. Receivables Status & Customer Payment Compliance

Customer payment compliance remains generally satisfactory with most customers meeting their payment obligations as scheduled. However, long-outstanding receivables relating to UBA and Wema remain unsettled and require continuous follow-up to facilitate prompt recovery.

6. Observations & Recommendations

While core accounting functions including expense processing and routine accounting operations are being executed efficiently, certain critical areas require additional support to ensure optimal performance.

There is a strong need for additional manpower within the Accounts Department to strengthen operational capacity. Increased staffing will enhance efficiency, support the timely completion of key accounting tasks, improve reconciliation processes, ensure compliance with reporting requirements and reinforce internal control procedures.

7. Pending Tasks for the Coming Week

- Follow up on overdue customer payments, particularly those relating to personalization services.
- Obtain approval for stock adjustments and post the approved entries in Tally.
- Continue the transition from Excel-based stock records to Tally for improved inventory management and reporting.
- Follow up on outstanding receivables from UBA and Wema to facilitate recovery.
- Conduct additional support sessions for storekeepers on inventory recording and stock management procedures in Tally.

ADJOURNMENT

The meeting ended at 12:06 PM. The motion for adjournment was moved by **Mr. Innocent Iyare** and seconded by **Ms. Chiamaka Nwankwo**
