Mr. innocent Iyare

Mrs. Tina Uti

Mr. Anthony Aigbokhai

Mr. Lanre Adebayo

Ms. Princess Obaseki

Mr. Desmond Ikwuezuma

Mr. Kenneth Onyemachi

Mr. Emmanuel Udo

The meeting started at 11:03a.m and prayer was led by Mr Desmond.

AMENDMENTS

Mr. Kenneth Onyemachi stated that the full report on ID4Africa would be presented by Ms. Princess and Mrs. Gloria.

Regarding the Wema card issue, it was clarified that it was a call received from Mr. Ademola.

The MD requested that Mr. Desmond confirm the number of cards the new MS-5000 machine can produce per hour.

MATTERS ARISING

AGIB Call Personalization

Mr. Kenneth reported that the client raised an issue regarding the SIM display. According to the client, the SIM was showing both Airtel and Lebara, while on Mr. Kenneth's end and configuration, it displayed only Lebara. The client requested that the SIM specification and mapping be shared.

The MD instructed Mr. Kenneth not to share the requested specification. Instead, the client should provide the relevant documents for comparison; otherwise, the job should be placed on hold for now.

ABIDJAN

Mrs. Gloria reported that there was not much participation from end users because it was a paid event, and many locals did not attend. Most attendees were known Ivorians, and language barriers also affected interactions.

She further reported that the DG of NAME-C visited the Castle stand and had Castle information in her records. There was also engagement with a key representative from Niger, and interest is expected regarding opportunities to penetrate the Nigerian market.

A representative from the government in Benin showed interest in the company's printers for personal use, although banks in their country already have printers.

GTBank materials were exhausted during the event. The company's printers were successfully demonstrated, showing their capabilities. Following the testing, the interested parties requested that the company share its best pricing. If deployment is successful without issues, they may recommend the solution to other branches.

Mrs. Gloria concluded by stating that although there are indigenous card companies in Ivory Coast, many organizations are willing to work with companies that offer the best pricing. She also mentioned that a representative from BCC Bank Organization showed interest in polycarbonate ID cards, and discussions have started.

Princess' Report

Ms. Princess added that Interswitch showed interest in both payment cards and ID cards. Other partnership discussions took place involving South Africa and Angola, while some parties also showed interest in polycarbonate cards.

She observed that Visa cards were the major cards used in the country. Regarding GTBank, she stated that they would get back to the company.

Mr. Lanre asked whether follow-up had been made and if there had been any response from clients. Ms. Princess confirmed that follow-up had been done.

MD's Advice

The MD advised that regular weekly practice should be carried out to improve preparedness and increase the chances of securing clients.
