

MINUTES OF MANAGEMENT MEETING HELD ON SEPTEMBER 14, 2026

Attendance

Mr. Henry Ezike

Mr. Anthony Aigbokhai

Mr. Desmond Ikwuezuma

Mr. Kenneth Onyemachi

Ms. Vivian Iyaha

Ms. Chiamaka Okoye

Mr. Lanre Adebayo

Ms. Chiamaka Nwankwo

Mr. Harrison Obayi

The meeting commenced at 10:10 AM with an opening prayer led by Mr. Kenneth Onyemachi.

Amendments

BIN: Cynthia provided two cards with BIN numbers; ECP is currently working on them.

Glo: Glo one pin applet discussion noted.

Adoption of Minutes: Mr. Kenneth moved for the adoption of the previous minutes, and it was seconded by Mr. Desmond.

MATTERS ARISING

UBA Sierra Leone: Mr. Kenneth reported that production for MasterCard is completed and delivery is expected. Korean Partners started working on it, while other cards remain pending.

Glo One Pin Applet: Testing commenced last week, but an error was detected due to a control setting not being enabled. The OS was modified before personalization, and the team is still awaiting a response from Glo.

Wema Afrigo: Mr. Kenneth reported that one key is still missing.

Fidelity: Mr. Kenneth reported that internal tests were carried out with only three failures. The team is awaiting approval from Interswitch to proceed to CPV or retest.

Lotus Bank: 2000 cards; the report will be forwarded to ECP.

CIM: Awaiting the resumption of **Mr. Anthony Okafor**.

NIMC Event International Identity Day: **Ms. Princess** and **Mr. Zacc** should be in attendance. **Mr. Kenneth** suggested **Ms. Chiamaka**. Required logistics include sample cards, accommodation, feeding, and transportation.

Providus Bank: Printers has been successfully delivered.

Opay Duplicate / Stationeries: **Ms. Chiamaka Nwankwo** reported that duplicate cards will be added to stock upon receipt of the mail from opay. She also mentioned that, Pricilia promised to send stationaries this week.

Gamswitch: Ms. Chiamaka Okoye reported issues with Gamswitch regarding rusted cards, missing receipt date records, and an Excel sheet not reflecting card sources.

Bespoke: Ms. Chiamak Okoye reported that the javelin printers bought from us were reported non-functional; Mr. Ken explained this is due to settings and should be programmed as "none" rather than white or black.

New Business: Ms. Chiamaka reported that a new client Elnexu Consults requested 5,000 NFC cards.

Hologram: Mr. Tony reported that the hologram from Elnexu is customized causing difficulty in producing it.

Palmpay Job: Mr. Tony reported that the palmpay contact informed him that no award of contracts are been given due to high stock levels.

Piotec 2 Machine: Mr. Emmanuel reported an outstanding balance of \$10,000 remaining for this year.

LUTH Card & PMC: Tunde should design the Luth plate. PMC to embed Luth cards with available chips.

Airtel PUK: Mr. Kenneth report not yet.

Action Points

- Mr Lanre to check the weight of the new gate under construction.
- **Data Center:** A switch for alternating between both or an automated breaker should be installed, and only one should be turned on for the time being.
- Follow up on Rokel and other foreign banks for printers.
- Follow up on NIMC, White bus in Kirikiri, and INEC.
- Move chiller (Harrison, Mr. Tony, Mr. Lanre).
- Compressor repairs follow up.
- Report on the reason Abuja Admin was hired along with Job Description to be submitted tomorrow September 15, 2026 (Admin).

DEPARTMENTAL REPORTS

MAINTENANCE REPORT

1. TITLE: LOAD ANALYSIS AUDIT

OVERVIEW:

- A comprehensive load analysis audit was carried out to incorporate all newly purchased machines from late 2024 to date.
- The audit also included the preparation of load connection diagrams and an electrical load plan for the inverter connections.

ACTIONS TAKEN:

- Calculated and documented the electrical loads of all machines across the **TELCO, PRESS, PERSO, and PMC** sections.
- Prepared the corresponding load connection diagram and inverter connection plan.

CONCLUSION:

The load analysis audit was successfully completed. The loading diagram was prepared, documented, and filed for future reference.

2. TITLE: FOLLOW-UP MAINTENANCE ON OC200

ACTIONS TAKEN:

- Conducted follow-up inspection and maintenance checks on the OC200 machine.

CONCLUSION:

The machine is currently in good working condition.

3. TITLE: KONICA A

ACTIONS TAKEN:

- Replaced the fuser unit paper-cleaning cloth.

OBSERVATION:

- The machine was tested and confirmed to be functioning properly.

4. TITLE: POLAR CUTTING MACHINE – KNIFE SHARPENING

ACTIONS TAKEN:

- Sharpened the cutting knife and reinstalled it correctly.
- Installed new safety bolts and a new cutting stick.

OBSERVATION:

The machine is now operating perfectly.

5. TITLE: CTP INSTALLATION

ACTIONS TAKEN:

- Successfully completed the installation of the CTP machines.
- Produced and tested a conventional plate for the SM74.
- Produced and tested a waterless offset plate for the OC200.

OBSERVATION:

- The conventional plate was tested on the SM74 and the output was confirmed to be satisfactory.
- The waterless offset plate was tested on the OC200; however, the output was not yet satisfactory.

NEXT STEP:

Further adjustments are required on the waterless offset plate settings to improve the image brightness and achieve satisfactory output quality.

6. TITLE: NEW INVERTER A/C INSTALLATION – PMC AND TELCO

ACTIONS TAKEN:

- Commenced the installation of the indoor and outdoor AC units in the PMC and TELCO sections.

OBSERVATION:

- The indoor and outdoor AC installations are almost completed.
- Testing has not yet been carried out because the units have not been powered.

NEXT STEP:

- Run the required power cabling and complete the electrical connections to the AC units.
- Power up and test the units after completion of the electrical connections.
