

MINUTES OF MANAGEMENT MEETING HELD ON SEPTEMBER 28, 2026

Attendance

Mr. Henry Ezike

Mr. Desmond

Ms. Chiamaka Nwankwo

Ms. Vivian Iyaha

Ms. Princess Obaseki

Mr. Lanre Adebayo

Mr. Harrison Obayi

Mr. Emmanuel Udo

Mr. Kenneth Onyemachi

The meeting commenced at 10:08 AM with opening prayer led by Ms. Chiamaka Nwankwo

Amendments: There were no amendments.

Adoption: The motion for adoption was moved by Ms. Princess and seconded by Ms. Chiamaka Nwankwo.

MATTERS ARISING

Visa Certification: Ms. Princess reported that the audit report was sent, and the visa team has requested a sample.

UBA SL Visa Platinum Card: Mr. Kenneth reported that UBA Nigeria requested that we share previous discussions regarding personalization, which has been done. We are currently awaiting their feedback.

UBA Liberia: IT noted that test data for UBA Liberia will be sent to the client.

Glo One Pin Applet: Mr. Kenneth reported that we are still expecting chip modules for production to commence.

Wema Afrigo: Mr. Kenneth reported there are no updates regarding the missing key.

Lotus Bank: Mr. Kenneth reported following the mail trail, indicating that most shortfalls originated from the bank due to modifications they made without communication, noting that each notification requires a new artwork. Ms. Princess added that the client complained our team doesn't respond to mails. Also, she suggested substituting another company due to ECP delays.

Daily Production Plan: MD instructed that the daily production plan should not be limited to perso and PMC. He mandated that the daily production plan must be signed by all production before the commencement of production.

CIM: Mr. Kenneth reported that the meeting is scheduled to hold Wednesday September 30, 2026.

Airtel PUK: Mr. Kenneth reported that Ho & Bro suggested that card readers should be dispatched to the Airtel outlet, or all SIM cards should be retrieved for in-house rectification. Though, both are not feasible. Mr. Kenneth suggested personalizing about 500 cards for a "welcome back" initiative.

Opay Duplicate Cards: Ms. Chiamaka Nwankwo reported that the cards have not yet been received from Opay.

Infrastructure & Building Project: Mr. Lanre reported that the building project is still ongoing and casting will begin before the end of the week. Additionally, two containers are currently being negotiated for purchase so that machinery can be transferred to the new ones.

Dress code update: Differentiate the coveralls of the head unit from regular team members. Ensure correct Personal Protective Equipment (PPE) is utilized.

Action Points:

1. **Admin:** Follow up on the Starlink business line and provide an update.
2. **CISO:** Submit weekly security report.
3. **Maintenance:** Provide a comprehensive list of spare parts required for CTP maintenance.
4. **Maintenance:** Submit a report on the CTP installation and details of the advance payment made.

5. **Admin:** Submit a complete record of all air-conditioning units (ACs), including both functional and non-functional units identified during the audit.
6. **Maintenance:** Follow up on the relocation plans for the moved chiller and provide an update.
7. **Production:** Ensure all production units maintain and update a daily production plan.
8. **Maintenance:** Arrange for the rental of a battery to support forklift operations.
9. **Business & Accounts:** Process compassionate leave requests and related leave payments accordingly.
10. **Accounts:** Ensure payment of Glo and other applicable VAT obligations is completed within the week.
11. **IAC:** Coordinate and complete the replacement of the fire alarm panel.
12. **Business Team:** Conduct business visits to Lotus Bank and Polaris Bank and provide feedback following the visits.

DEPARTMENTAL REPORTS

MAINTENANCE REPORT

JOB REPORTS

1. TITLE: OC200 Unit 4 UV Shutter Jamming

ACTIONS TAKEN:

- Carried out extensive troubleshooting to identify the root cause of the UV shutter jamming.
- Performed the necessary settings, testing, component swapping, and other troubleshooting procedures; however, the initial efforts did not resolve the issue.
- Swapped the suspected faulty limit switch.
- Extended the troubleshooting to other components outside the shutter mechanism.
- Discovered that the actively operating UV bulb ignitor was malfunctioning.
- Swapped the UV ignitor of Unit 4 with that of Unit 1.
- Conducted a test run of the machine.

OBSERVATION:

- No further Unit 4 UV shutter jamming was observed during subsequent test runs.

2. TITLE: OC200 Paternoster Belt Replacement

ACTION TAKEN:

- Replaced the Paternoster belt.

OBSERVATION:

- The replacement belt was tested and confirmed to be functioning properly.

3. TITLE: OC200 Unit 3 Impression Malfunction**ACTIONS TAKEN:**

- Adjusted the tensioning cylinder stroke length.
- Carried out additional mechanical adjustments to the unit.
- Conducted test runs after the adjustments.

OBSERVATION:

- The image quality improved after the adjustments were carried out.

4. TITLE: 150KW Inverter Burnt Parts Replacement**ACTIONS TAKEN:**

- Replaced all identified burnt components.
- Replaced some of the burnt cables.

NEXT STEP:

- Replace the remaining burnt cables and complete the restoration of the affected section.

5. TITLE: Hologram Hot Stamping Machine – Broken Card Sliding Tray**ACTIONS TAKEN:**

- Repaired the broken card sliding tray by welding.
- Smoothened the repaired section.
- Reinstalled the tray and carried out a test run.

OBSERVATION:

- The repaired card sliding tray is functioning properly.

6. TITLE: 11KW Compressor 1 – Tripped Off

ACTIONS TAKEN:

- Carried out troubleshooting and confirmed that the overload relay had tripped in response to a power surge.
- Reset the overload relay.
- Conducted a test run of the compressor.

OBSERVATION:

- The compressor is operating normally and is currently in good working condition.

7. TITLE: Xerox D110 – Toner Servicing**ACTIONS TAKEN:**

- Replaced the toner chip.
- Refilled the toner cartridge.
- Conducted a test run of the printer.

OBSERVATION:

- The printer is functioning properly.

Abuja Office Report

As part of the business development and stakeholder engagement activities, several financial institutions were visited in Abuja to introduce Cardstel's products and services and explore possible business opportunities.

Visits Conducted

1. **Taj Bank**
 - Met with Mrs. Rukaya, who indicated that she was already familiar with Cardstel and had previously conducted business with the company.
2. **Regent Microfinance Bank**
 - Met with Mr. Damilare, the System Administrator, and introduced the company's services and capabilities.
3. **Alpha Morgan Bank**
 - Met with Ms. Precious Odozor, who indicated that she would revert with feedback after internal discussions.
4. **Tatum Bank**
 - The bank advised that the information provided would be forwarded to their Administrative Office in Lagos for further consideration.
5. **Jaiz Bank**
 - The bank acknowledged receipt of the company's flyer and requested a formal introduction letter for further engagement.

Generator Status

Generator	Status
200 kVA	Serviced and functioning properly.
150 kVA	Working satisfactorily.
60 kVA	Working satisfactorily.
30 kVA	Working satisfactorily.

Vehicle Status

Vehicle	Status
Chevrolet Aveo	Requires bodywork repairs and is currently not in good working condition.
White Bus (EKY-274-XW)	Requires panel beating.
MD's White Vehicle (LRS-556-FF)	Requires panel beating.
Hyundai Elantra (LSR-655-DZ)	No issues reported.
Kia Rio (LSR-473-DZ)	No issues reported.

Communication and C.U.G Update

1. A total balance of ~~N15,641.53~~ remains available for the monthly subscription and is awaiting activation.
2. Thirteen (13) phones procured for Management are ready and awaiting activation of the C.U.G lines.

Recruitment Update

Recruitment efforts are ongoing for the following vacant positions:

1. Production Manager
2. IT Manager
3. CISO Support
4. Accountant
5. Machine Operator (SM74) Perso)
6. Marketing Personnel
7. MD's Driver

Challenges

1. The Chevrolet Aveo requires bodywork repairs and is currently not operating optimally.
2. The White Bus and MD's vehicle require panel beating.
3. Activation of the C.U.G lines is still pending, delaying deployment of the newly procured phones.
4. Several key positions remain vacant and require urgent recruitment.

Recommendations

1. Approve and complete the required bodywork and panel-beating repairs on the affected vehicles.
2. Follow up with the service provider to expedite activation of the C.U.G lines.
3. Deploy the procured phones immediately after activation to improve communication efficiency.
4. Continue recruitment efforts to fill all outstanding vacancies as quickly as possible.
5. Follow up with the financial institutions visited in Abuja to strengthen business relationships and explore partnership opportunities.

Conclusion

The HR/Admin Department successfully carried out its routine administrative and operational responsibilities during the reporting period. Key activities included attendance monitoring, document management, casual worker timesheet vetting, market surveys, and stakeholder engagement through visits to financial institutions in Abuja. The department also maintained oversight of company assets, including generators and vehicles, while supporting ongoing recruitment activities. Attention is required in the areas of vehicle repairs, and recruitment to ensure smooth operations and improved organizational efficiency.

Adjournment

The meeting was adjourned following a motion moved by Mr. Harrison and seconded by Mr. Kenneth at 2:41 PM.
